

CS608 - WEB DEVELOPMENT LAB
M TECH
SEMESTER II
LAB 2

Date: 21/01/2025

1. Design and develop a responsive webpage to apply for insurance and claim a policy in case of accidents or unfortunate incidents. The webpage must contain the following features:
 - a. A signup page containing text fields for Full Name, User Name, Email ID, a Password, and Confirm Password.
 - b. The Login page should contain user name and password text fields (Perform client-side validation)
 - c. A clickable 'forget password?' option should be available.
 - d. After successful login the session for the new tab should be active until Logout.
 - e. Any necessary fields for getting details on the insurance claiming and policy schemes
